IT IS A FACT

Buffalo (N. Y.) Times.

In view of the general belief in the incurability of chronic Bright's Disease and Diabetes the Jno. J. Fulton Co. of San Francisco wrote us asking us to send a representative to interview three parties in this city, two of whom have recovered and the third is getting well.

A member of our staff went to one of the parties on Jefferson St. to investigate. He is a business man. He gave the reporter the following facts:

He had a friend who was so far gone with Diabetes that he could hardly move. Later he was astonished to see him back again at his employment. Meanwhile his wife developed the same disease. Later, too, was again about her daily avocations.

The business man in question was intensely interested, as it was a great relief to him from Diabetes. He learned that their recovery had been effected by the Fulton Compound for Bright's Disease and Diabetes, and he procured the treatment for himself, with the result that the cramps and pains that attend this heretofore incurable disease entirely disappeared and he has resumed the personal care of his business.

It so happens that the number of the Times staff who verified these facts also knows of another case in this city that is yielding to the same treatment.

That chronic Bright's Disease and Diabetes, deemed fatal the world over, are now cured by the Compound discovered in San Francisco by Professor Fulton is being established here as well as in California.—Buffalo Times.

We are the agents for the Fulton Compound referred to above—the only cure known for Bright's Disease and Diabetes. Recovers in 15 to 30 days. Send for free booklet.
